Study Tour to Abul Khair Steel Mills

Mr. Prabir Biswas

Director of Studies
Sunshine Grammar School

On 7th September 2022, Sunshiners visited Abul Khair Steel (AKS) Mills.

The largest integrated steel-making plant in Bangladesh with a 1.4 MTPA capacity amazed the Teachers & Students of Sunshine Grammar School. Padding of the red-hot billets, each 12m long, in motion along with the movement of the Sunshiners was mind-blowing. Despite walking at a moderate and safe distance from the billet, everybody felt the tremendous heat radiated by the industrial process. Experiencing a walk just above the red hot billets was exciting for all of us.

The wonderful story of creating steel rods on an automated machine was simply incredible. In the quality control lab, a demonstration was shown of how the tension of a steel rod was tested to check if it was meeting the highest quality standards. Elastic limit and famous Hooke's law attracted their attention towards Physics.

Many thanks to Mr. Abu Syed Chowdhury, Deputy Managing Director of Abul Khair Group, for inviting the Sunshiners to a day long trip and unending hospitality. Thank You.

An imperative point to note was their hospitality. From their engineers to their blue-collar staff, all of them received us with a warm welcome. We were served snacks, a hearty lunch, and again provided with a tiffin alongside a gift pack at the time of departure. After lunch, we restarted the study tour, and the organizers took us to show us their Oxygen Plant. At the site, I came to know from AKS officials that this particular project was set up by internationally renowned German experts, and the free oxygen provided by them to hospitals saved innumerable lives during the turbulent phase of Covid-19.

From there, we went to visit their water reservoir which has been constructed by closing one side of the hilly area thereby creating a fantastic landscape that included a point on a hilltop from where the faraway sea could be seen. To conclude the study tour, we were taken to a beautiful garden of the AKS steel factory where students and teachers took photographs in the picturesque environment.

Sunshiners were well-disciplined throughout the trip, and their keen interest alongside the excellent organization by AKS management made it a memorable event for all.

Grand Champion in 14th National Abacus & Mental Arithmetic

Congratulations to Sunshiner Ayaan Ibteahaz of Class V on being crowned the Grand Champion in the 14th National Abacus & Mental Arithmetic Contest. This country-wide event was organized by Aloha Bangladesh and a total of 1800 students from 500 schools competed in the contest. In the final round at the Bashundhara Convention City in Dhaka, the finalists were given the challenging task of solving seventy mathematical problems in just five minutes.

Ayaan came up on top and the best performer of the event. Based on his exceptional performance, he has qualified to represent Bangladesh in the World Abacus & Mental Arithmetic Contest to be held in Mexico City, Mexico.

We wish Ayaan the best of luck in the upcoming World Championship in Abacus & Mental Arithmetic Contest in Mexico.

CSSC Annual Farewell 2022

Excellence in Chess

Congratulations to Ghazi Farhan, Sahil Kayum Bhuiyan, Md. Azmain Iqtidar, Adnan Karim & Shahriar Ragib for their excellent performance in the Chatto-gram Round of the Marks Active School Team Chess 2022 on such short notice.

Well done to Ghazi Farhan, the captain of the team, on remaining undefeated (6 wins & 1 draw) and as one of the top performers in the event alongside inspiring his fellow Sunshiners.

COVID-19 Vaccination for Juniors

Profession Day

By Mrs. Dominica C Rodriguez, Head of Junior Section, Sunshine Grammar School

Even the youngest learners are posed with one of life's biggest questions, "What do you want to be when you grow up?" Thinking that far ahead into the future can be overwhelming, but career awareness activities, like Profession Day, help students figure out and pave their pathway to adulthood.

Profession Day gives students an up-close look at different career paths and connects their learning to the real world. Community members and leaders come into the classroom to share insights about their careers and details about necessary education and training for career success. Meanwhile, students get the opportunity to listen to presenters, ask questions, and consider what careers pique their interest.

Professionals from different walks of life were invited to share their experiences to motivate students to build up their careers.

A list of invitees who enthusiastically shared their positive experiences with students includes Dr. Sadia Ahmed (Emergency Medical Officer, Chattogram General Hospital), Ms. Eleanor Linda Grant (Sub-Inspector, Chattogram Metropolitan Police) Captain Shimul Dutta (Nautical Engineer at PetroSaudi Oil Service, USA), Dr. AQM Mohiuddin Masum (Lecturer of Oral Microbiology at Chattogram Medical College), internationally acclaimed photographer Sunshine Alumni Dr. Ata Mohammad Adnan, Advocate Nafisa Khanam Nitu and Chef Anisur Rahman Munir.

Corporate Agreement with Evercare Hospital Chattogram & Free Medical Camp

Evercare Hospital Chattogram and Sunshine Education signed a corporate agreement on 24th July 2022. Consequently, all students, guardians, teachers, admin staff and alumni of the institutions under Sunshine Education will receive attractive corporate discounts if they avail medical services at the Chattogram branch of the international hospital chain Evercare.

Furthermore, Everncare Hospital conducted a free medical camp for the teaching and admin members of Sunshine Education on 27th August 2022 that included numerous tests such as ECG, oxygen saturation, medical consultation, etc. Thanks to Dr. Md. Tarik Bin Abdur Rashid (Senior Consultant - Cardiology), Dr. Shanjida Kabir (Consultant - Gynecology & Obstetrics) and the rest of the Evercare team for the excellent service and medical care during the event.

Sheikh Dr. Ahmed Nuaina visits Sunshine

Sunshine Education had the blessings of our Almighty, Allah (SWT) at having Sheikh Dr. Ahmed Ahmed Nuaina over at our campus. Dr. Ahmed is accredited as one of the world's leading Qari's for his exceptional recitation of the Holy Quran. His qiraat performance enchanted the crowd at the Sunshine Auditorium. Renowned Bangladeshi Sheikh Qari Ahmad Bin Yusuf Al Azhari also performed qiraat for the students.

Thanks to renowned industrialist and philanthropist, Al Hajj Sufi Mizanur Rahman, for his support in arranging the event.

Alumni Watch

Intiaz Amin Chowdhury

Congratulations to Intiaz Amin Chowdhury on his new role as Assistant Professor of Plant Nematology at the prestigious University of Georgia (UGA), Athens, Georgia, USA.

Founded in 1785, UGA is one of the oldest public universities in the USA and is classified as a "R1: Doctoral Universities Very High Research Activity." According to the 2022 Academic Ranking of World Universities (ARWU), UGA is one of the elite universities of the world with a global ranking of 201-300.

Alumni Watch

Adity Shayantony Das

Congratulations to Sunshine Alumnae Adity Shayantony Das (Class of 2014) on being awarded a fully funded scholarship for MSc in Public Health at Brighton & Sussex Medical School, UK.

After completing O & A Levels, Adity graduated from the Asian University for Women with the highest honours in Biological Sciences & Public Health Studies. Before starting her Masters in the UK, she was working as a Research Associate at the James O Grant School of Public Health at BRAC University.
